HOW TO ENTER THE AWARDS

Entry in the open business and individual award categories is by written application via the Entry Portal below.

Submitting your entry

1. Log in via the Entry Portal:
<https://safoodawards.awardsplatform.com/>
2. Follow the prompts to register your account. After you have logged in you will be guided through the entry process of your chosen award category or categories.
3. If you are entering more than one category simply use the 'copy' feature to create a copy of your entry, change the category and the answers to each category questions as required. This will save time on populating required fields for each entry (including the Part A Business Excellence criteria).

5. Please ensure all your contact details are entered accurately, including your business name (as you wish it to appear in all promotions and announcements).
6. The software imposes word limits and does not allow any images, audio or video files to be included.
7. To complete your entry, please ensure your financial stability letter from your accountant is ready to attach. (This does not apply to individual award categories).
